

Miss Li

Miss Li

I'm a little girl
Trying to survive
In a psycho world

I was a spoiled child
And I am fighting every bloody day
To change my ego mind

I am evil
And I pay my friends to say
I'm loving, caring and so kind

And I've got a big mouth
And a heart full of shit
But I don't care about it

Cus I am Miss Li
Yes that's me
Come on and catch me
Set me free
Yes, I am Miss Li
Poor, poor me
I am so tragic
This is the real truth about me

I used to be blond and stupid
But yes, I dye it dark
Cus it makes you think I'm smart

Yes I'm so ugly
But I wear all this make-up
Cus it makes you think I'm cute

I'm so pathetic
I am vain and wicked, self-loving
And ridiculously naive

Hell yeah, I've got a pair of big ones
But the truth is without support
They're hanging down to my knees
