

It's not just a blink  
Or the following of an arm  
And it isn't just a flicker  
No it isn't just a flicker  
Oh, there's a look in your eyes  
that you can't explain  
Oh, there's a look in your eyes  
and when it slips through the rain  
Oh, there's a criss-crossed thinking  
(No it's not just a blink)  
There's a ?  
(No it's not just a blink)  
From the house to...?  
(No it's not just a blink)  
?  
(No it isn't just a flicker)  
There's a look in your eyes and...?  
It's the pulling of the undertow  
when you can't control the wheel  
It's not just a blink  
Or the following of an arm  
No it isn't just a flicker  
No it isn't just a flicker  
There's a look in your eyes  
that you can't explain  
There's a look in your eyes  
and it slips through the rain  
Underneath the gaze  
Underneath the gaze  
Underneath the guise  
Underneath the guise  
Underneath the gaze  
Underneath the guise  
Underneath it goes away
