

I feel the water flow as I watch him go  
Boy, life is cynical despite my heart of gold  
Oh no, buddy don't you cry as they go  
Life changes all of us, it's not your fault, no no no

Oh oh oh  
Where did they all run to?  
Oh oh oh  
Where the sky is blue forever  
Oh oh oh  
Where the sky is blue forever

Life is a dangerous business, you know  
Who's gonna care for your bleeding soul?  
Take a run, take a run with me  
Where the sky is blue forever

(Run away  
'Til the end of time)

And dear buddy don't you cry when she goes  
Cause life is cynical despite your heart of gold  
Oh no, buddy don't you cry as they go  
Life makes us critical, it all began to change and go

Oh oh oh  
Where did they all run to?  
Oh oh oh  
Where the sky is blue forever  
Oh oh oh  
Where the sky is blue forever

Life is a dangerous business, you know  
Who's gonna care for your bleeding soul?  
Take a run, take a run with me  
Where the sky is blue forever

Run away with me [x5]  
Run away, where the sky is blue forever

Oh oh oh  
Where did they all run to?  
Oh oh oh  
Where the sky is blue forever  
Oh oh oh  
Where did they all run to?  
Oh oh oh  
Where the sky is blue forever

'Til the end of time  
Diplo!

Life is a dangerous business, you know  
Who's gonna care for your bleeding soul?  
Take a run, take a run with me  
'Til the end of time

Life is a dangerous business, you know  
Who's gonna care for your bleeding soul?  
Take a run, we can all be free  
Where the sky is blue forever
