

# Here We Go Again

Modern English

Here we go again  
London is insane  
Confusion in my brain  
Here we go again

Pleasure turns to pain  
A disposable refrain  
It's feeling very strange  
Here we go again

Here we go again  
It's always the same  
Nothing seems to change  
Here we go again

As the television fades  
The cloud it turns to rain  
Money to be made  
Here we go again  
Here we go again
