

The Power Of The Cocktail

Mohombi

Who wants to party, I wanna party
Where is the party, here is the party
Who wants to party, I want to party
It's the power of the cocktail

Whine on it, show me that you can handle it
Come on over here get a taste of it
Now let me see those hands up in the air, air
Change for it, baby take your time and play with it
Anything yeah I'm down with it
Now let me see those hands up in the air, air

I got a one way ticket when I'm here to do the club
I got 2 stacks in my hand botu to burnt it up
I got 3 bottles, 4 models sipping from my cup, sipping from y cup
It's the power of the cocktail

Who wants to party, I wanna party
Where is the party, here is the party
Who wants to party, I want to party
Where is the party, here is the party
Here is the party
It's a party over here, it's a party over here
Get, get, what you're drinking and put it up in the air

Start move your body on the dance floor
... you shake them benz off
Like a sting... shake shake shake
Baby whine... up and I dance off
Say dj go go, girls them screaming oh oh
Party's bumping, oh no
... low

I got a one way ticket when I'm leaving up the club
Brought up 2 seater baby and weekend's off the top
Now it's 3 in the morning, time for us to tear it up
Tell me who's gonna leave with us,
Who's gonna leave with us

So tell me now
Who wants to party, I wanna party
Where is the party, here is the party
Who wants to party, I want to party
Where is the party, here is the party

Keep that party going, keep that party going on
Keep that party going, keep that party going on
Keep that party going, keep that party going on
Keep that party going, keep that party going on
Keep that party going, keep that party going on
Keep that party going, keep that party going on
Keep that party going, keep that party going on
Keep that party going, keep that party going on
It's the power of the cocktail

So tell me now
Who wants to party, I wanna party

Where is the party, here is the party
Who wants to party, I want to party
Where is the party, here is the party

... why don't... whine to me...
Said to me... drinks on me

It's a party over here, it's a party over here
Get, get, what you're drinking and put it up in the air
Keep it going what's you're drinking
It's the power of the cocktail
