

We'll Dance

Moke

What do you want
Look me straight in the eye
The truth or a lie?
Everything I ever gave I stole for you
Cause I done the crime and everytime
Never spat on your name.
Is this the way it's supposed to be?

Look in my eyes, hear the words from my mouth
Calling, calling
Dry those tears from your barren years,
Were shaking, shaking off our fears.

And we'll dance in the streetlight tonight
And we'll sing and make everything alright.

Been out of time
Walked every line
Always turning my heels
I've seen sorrow and I really know how it feels

Look in my eyes, hear the words from my mouth
Calling, calling
Dry those tears from your barren years,
Were shaking, shaking off our fears.

And we'll dance in the streetlight tonight
And we'll sing and make everything alright.
Tonight, tonight
Lets meet the new day burning bright
See the colours in the changing light
Oh tonight...

See the morning, she's dawning, it's a heaven to hold
And you make it, you make it shine.

And we'll dance in the streetlight tonight...

Tonight, tonight...
Tonight's gonna be alright
There's a new day burning bright
We'll watch the colours in the changing light
