

# Gypsy Trail

Molly Hatchet

Jackson Tennessee is the only place to start  
Close to Charlie's home and closer to his heart  
Me I'm a Southern boy man I love to ride  
Cause we're all part of history  
I volunteer with pride  
Get's that fiddle...get's it blazin' hot  
Marshall Tucker singin' that Carolina rock  
Yea...Hank was born to boogie  
Him and the Bama Band  
When this Hatchet gets to swingin'  
You'll see who I am

Get on board that Gypsy Trail  
Virginia Beach to Boise  
Said boys we just can't fail  
Got to get ridin' that Gypsy Trail  
Steel horse ride thru the night  
Hear the engines wail...Ride that Gypsy Trail

Into the Heartland rollin' thru the night  
North, South, East, West  
Everything is kinda alright  
Tell them folks at the gate let my friends in  
Dim the lights, hear the crowd...let the show begin

Get on board that Gypsy Trail  
Indy down to Tupelo said the boys we just can't fail  
Got to get ridin' that Gypsy Trail  
Steel horse ride thru the night  
Hear the engines wail...

Get on board that Gypsy Trail  
Vegas down to New Orleans  
Said the boys we just can't fail  
Got to get ridin' that Gypsy Trail  
Steel horse ride thru the night  
Hear the engines wail...Ride that Gypsy Trail

Get on board that Gypsy Trail  
Nashville down to West Palm Beach  
Said the boys we just can't fail  
Got to get ridin' that Gypsy Trail  
Steel horse ride thru the night  
Hear the engines wail...  
Ride that Gypsy...Ride that Gypsy...Ride that Gypsy Trail.
