Old biker dream rollin' to the rally
In the wind with long legged Sally
Smell rice burnin' won't you step aside...Yea
True Americana is the only ride

I wanna live and ride free
Kickstart to Freedom don't tread on me
If I die...I die free...Kickstart to Freedom
Don't tread on me
Black leather and Chrome wheels
Loud and proud on hard cold steel
I wanna live and ride free...
Kickstart to Freedom don't tread on me
If I die...let me be...Kickstart to Freedom
Don't tread on me...

Raisin' hell all week down at Daytona See in Sturgis in South Dakota...

I wanna live and ride free
Kickstart to Freedom don't tread on me
If I die...I die free...Kickstart to Freedom
Don't tread on me...
I wanna live and ride free
Kickstart to Freedom don't tread on me
If I die...let me be...Kickstart to Freedom
Don't tread on me
