

Go to Bed Mad

Monica

I think your wrong, you think your right
And all that equals up to is a fight
Let's compromise before we go to bed tonight
'Cause if the fight don't die before the sun rise
We may wake up on the wrong side
Let's not go to bed mad tonight

Time is ticking, my eyes are getting heavy
But I know we gotta squash this
Before it was popping, it's time for dropping
Copping attitudes right now

Nothings, nothing 'cause this ain't nothing
Don't you know that I love you?
So start to stopping, think about it
You'll see it's stupid

Argue about things so critical
And you heated over nothing and just hang up the phone
I want, wanna talk in the mood
See we need a resolution like that Aaliyah song

I think your wrong, you think your right
And all that equals up to is a fight
Let's compromise before we go to bed tonight
'Cause if the fight don't die before the sun rise
We may wake up on the wrong side
Let's not go to bed mad tonight

What time is it? I'm not on a mission
To stay up with you all night
It makes me so sick to my stomach
Every time we argue and fight

I mean it girl, my head gets lite, it just ain't right
I'm fed right up, please
It's 2:15 in the morning
There is no need

Argue about things so critical
And you heated over nothing and just hang up the phone
I want, wanna talk in the mood
See we need a resolution like that Aaliyah song

I think your wrong, you think your right
And all that equals up to is a fight
Let's compromise before we go to bed tonight
'Cause if the fight don't die before the sun rise
We may wake up on the wrong side
Let's not go to bed mad tonight

I'm not trying to be mad at you
Why you make me wanna not fool with you?
Can't you see I'm tired girl?
Besides the fact it's a quarter past two
A girl like me got things to do
So let's see each others point of view

I think your wrong, you think your right
And all that equals up to is a fight
Let's compromise before we go to bed tonight
'Cause if the fight don't die before the sun rise
We may wake up on the wrong side
Let's not go to bed mad tonight

I think your wrong, you think your right
And all that equals up to is a fight
Let's compromise before we go to bed tonight
'Cause if the fight don't die before the sun rise
We may wake up on the wrong side
Let's not go to bed mad tonight

I just wanna love you baby
I place no one above you baby
You're the only one for me
Let's not argue my baby

Everything you want and need
And my baby come and take my hand
I got you baby
Let me be the man you want in your life baby
