

Without You

Monica

Only you
Can make me run to you
And be there whenever I fall
I fall and I fall again
Over you
Anything everything you do
Makes me say

I need you now
Always take the time to love me right hold me tight
Keep me coming home every night
For you
Ain't nobody gonna change my mind
Don't think twice I been looking for you all my life
Baby
How did I survive all this time
Without you
Without you
You
You
Without you
And I don't ever wanna let you go
(I'll do anything anything anything anything)

Because you are the only one I love
Without you
You
You
Without you
You
You and me
And me
Can we start a family
We made it official baby
With me and you
Every night I close my eyes
I thank the Lord
That you're laying next to me
I didn't think it was possible
But loving you brings out the best in me
Baby

Always take the time to love me right hold me tight
Keep me coming home every night
For you
Ain't nobody gonna change my mind
Don't think twice I been waiting all my life for you
Baby
Got me wondering how did I survive all this time without you
Without you
You
You
Without you
(I'll do anything anything anything anything)
