

Blue Umbrella

Monkey Business

Anybody got pussycat ? Blue umbrella?
Anybody got minarets in the rain?

I blew the first down!

Strolling down the sidewalk
She turned around the moment
I stopped my car
And she said: Now or never
I know a place to party
that is not so far

And there ain't nothing
I would rather do
Than to step into your car
Mr. Business Meeting Suit
And take you for a ride
'Cause I know things are gonna go my way

Anybody got pussycat ? Blue umbrella?
Anybody got minarets in the rain?

We turned around the corner
And rising from the shadows
Before my eyes
Goodfellas like the boulders
Showing me their supertoolz
of massive size

Yeah - and watcha gonna do
now that the shoe is on the other foot
Bet you never thought you would see
the day you would be on your knees
playing on the flute in the church choir
of the streets

Anybody got pussycat ? Blue umbrella?
Anybody got minarets in the rain?

If you wanna be rich
You got to be oh so strong
To be rich you must be strong
You do

This is the story of a little girl
with dreams as big as the sky
She dreamt of a blue umbrella
in the forest of her mind

Anybody got pussycat ? Blue umbrella?
Anybody got minarets in the rain?
