Welcome to the neighbourhood
Little break will do you good
Leave your reason out there
Welcome to the neighbourhood
Little break will do you good
Music floats in the air
Woke up this morning
And I felt just so alone
And slipping through the cracks of time
I think it's true
Without you life
Would be a fickle treat
Feels like water from the tap
Instead of wine oooh
It may not be our style to last forever
Today I wish that we could beat the time
Welcome...
I never want To see

And I would gladly take the hardest of the falls
With you It makes me proud
To feel That I can call you brothers
And though respect
Will cost you none
I wish for nothing more oooh
It may not be our style to last forever
Today I wish that we could beat the time
If not then just please remember
I was trying hard
I tried
