

## Right People

## Monkey Business

Motto:

Toilets are dirty at eight thirty

This is a party

Yeah

The mags will tell you what to do

I'm not being bitter baby

Just a drink and I will follow you

Kissing the right

Right people

When they're sober they put on a proper show

Kissing the right

Right people

Easy in their manners very quick to go

Kissing the right people

Nothing else to do

Kissing the right people all around

Kissing the right people

Never feeling blue

Kissing the right people all around

Hey sweetie pussy

Deeper deeper deeper underground

To be found

Hey sweetie pussy

You are standing in the line

Ladies feeling all the wine

I am watching on the Rhine

Kissing the right

Right people

When they're sober they put on a proper show

Kissing the right

Right people

Easy in their manners very quick to go

You pick yourself

A perfect day

Right people get risky now

Give me light need a light

I just feel like killing time

Give me light need a light

I just need a fucking light
