

# Burning

Monrose

Big city life, big city night  
In the middle of cars and lights  
You came, made everything right  
With a touch of love

Didn't really wanna let you in  
Took a time to get under my skin  
Wanna see you again and again  
And now I'm all shook up

You don't make me feel lonely  
You don't try to control me  
Treat me like I'm the only  
Boy I'm burning up

You can tell that I want cha  
It gets stronger and stronger  
I can't hold it much longer  
Boy, I'm burning up (I'm burning up)  
I'm burning

Burning (3x)  
Baby I'm burning  
Burning (3x)  
Baby I'm burning  
Burning (3x)  
Baby I'm burning  
Burning (3x)  
Baby I'm burning

Hooked up on a Saturday night  
Like a breeze in the hectic life  
On the street in the morning light  
We're just one on one

Spent everyday on the phone  
Made me feel that I wasn't alone  
Didn't think it could be this strong  
We're just one on one

You don't make me feel lonely  
You don't try to control me  
Treat me like I'm the only  
Boy I'm burning up (I'm burning up)

You can tell that I want cha  
It gets stronger and stronger

I can't hold it much longer  
Boy, I'm burning up (I'm burning up)  
I'm burning

Burning (3x)  
Baby I'm burning  
Burning (3x)  
Baby I'm burning  
Burning (3x)

Baby I'm burning  
Burning (3x)  
Baby I'm burning

Big city life, big city night  
In the middle of cars and lights  
You came made, everything right  
With a touch of love
