

You Can Look

Monrose

I can see you like the way I'm posing in the magazine
I can see you like it when I'm struttin' on your tv screen
When you see me in the club, wanna touch you wanna rub
Wanna get your hands into my pants
Hey let me tell ya'

You can look but you cannot touch
You can look but you cannot touch
You can look but you cannot touch

You know you want it, want it, want it so much -oh
You can look but you cannot touch
You know you want it, want it, want it so much -oh
You can look but you cannot touch

I can see you snappin' pictures of me on the party-scene
Like the paparazzi you be on me in the limousine
Cuz you wanna be like me, rockin' the V.I.P
Wanna see the junk up in my truck - you better listen

You can look but you cannot touch
You can look but you cannot touch
You can look but you cannot touch

You can look, you can look, you can look

You know you want it, want it, want it so much -oh
You can look but you cannot touch
You know you want it, want it, want it so much -oh
You can look but you cannot touch

You know you want it, want it, want it so much -oh
You can look but you cannot touch
You know you want it, want it, want it so much -oh
You can look but you cannot touch

Oh - my - god!
Chek this out!
Are you for real?
You wanna touch this? you wanna grab this?
Well, listen honey, you can't touch this
That's right!
Bitch, turn around
You can't afford this!

You know you want it, want it, want it so much -oh
You can look but you cannot touch
You know you want it, want it, want it so much -oh
You can look but you cannot touch

You know you want it, want it, want it so much -oh
You can look but you cannot touch
You know you want it, want it, want it so much -oh
You can look but you cannot touch

That's right you wanna touch this?
Well, ok maybe just a little bit
