

# Drink Along Song

Montgomery Gentry

There's songs that belong when you're rolling on an old dirt road  
The wheels just seem to turn up that ole radio  
Songs that make you wanna want your baby back  
Nah this ain't no song like that, No No

This is a drink along song  
Everybody sing along  
Pour you something strong  
And chug it, shoot 'er, sip it  
Bottle, can, or cup  
Turn the bottom up  
Keep 'em coming all night long  
It's a drink along song  
Drink along song

There's songs that kinda wanna make you wanna change the world  
Lots of songs that try to help you get the girl  
Songs that make you take it back to your hometown  
This one calls for one more round

This is a drink along song  
Everybody sing along  
Pour you something strong  
And chug it, shoot 'er, sip it  
Bottle, can, or cup  
Turn the bottom up  
Keep 'em coming all night long

Turn it up, Have some fun  
Go on and lose it  
Tap your toe, Let it go  
Sway to the music
