Morcheeba

Skye

Hey, musicman just play something cool  
We love the sunshine to dance by the pool  
Down with the crew known to pump up the bass  
We rock the joint at a cool steady pace

Love sweet love  
Just a little understanding  
Up above  
Way down deep inside  
Love sweet love  
Just a little understanding  
Up above  
Way down deep inside

Rock and roll music's a thing of the past  
We blow up the spot and get caught in the blast

Love sweet love  
Just a little understanding  
Up above  
Way down deep inside  
Love sweet love  
Just a little understanding  
Up above  
Way down, deep inside

Wow, wow yehe  
Wow, wow yehe  
Wow, wow yehe  
Wow, wow yehe

Mr complex  
Huh huh  
Morcheeba  
Huh, yes yes you're like that  
As a matter of fact  
Twist to kiss like this  
Huh, it's fat like a christmas list  
And I suck your stocking  
Keep on rocking  
It's not too shocking  
I got your pop rockin'  
Huh huh  
The party got your body jammin'  
Love sweet love  
In a moving understanding

Skye  
Love sweet love  
Just a little understanding

Love sweet love  
Just a little understanding  
Up above  
Way down deep inside

Love sweet love  
You know it doesn't get demanding  
Up above  
Get down deep inside  
Love sweet love
