

# Tequila

Morgana Lefay

The day after the night before  
Remember nothing as I face the floor  
A pounding headache a smell of death  
I guess it must be my own breath

Remember girls  
And plenty of booze  
And my tequila desire

Striptease  
The metal police  
Then I remember nothing more  
Because I was  
Passed out on  
Tequila - blackout

Rise and shine stupe and puke  
Shit I'm freezing oh god I'm nude  
I've been arrested that's for sure  
Else I wouldn't face  
This god damn floor

Remember girls  
And plenty of booze  
And my tequila desire

Striptease  
The metal police  
Then I remember nothing more  
Because I was  
Passed out on tequila - blackout
