

Step Down

Motörhead

Well I'll see you later,
But I don't know when,
Don't know if I'm coming,
Coming round again.

But I don't care,
That they might stare,
I know I mustn't
Step Down!

I ain't no beauty,
But I'm a secret fox,
I'm gonna put all my presents,
Inside my favourite box.

And then so long,
The universal song,
I know I mustn't
Step Down!
