

# Shooting Star

Motograter

I saw a shooting star go whizzing by  
Well ain't that really fucking great  
I feel my blood  
I spill my blood but my achy heart still makes me bleed

I shot, I shot my leprechaun  
I shot, I shot my luck away  
I thought I saw a leprechaun sittin' there looking at me  
He said "Now son, go get a gun and if you want to kid, I'll set  
you free"

I shot, I shot that leprechaun  
I shot, I shot my luck away  
I shot, I shot my leprechaun  
I shot, I shot my luck away

I saw a shooting star
