

# Show Me

Moya Brennan

Watch the crowd  
Turn into strangers  
There's dust around my eyes  
Watch the blind man  
Won't stumble  
Tell me no more lies

Show me the way  
Where I belong  
Please, show me the way  
To find you  
Show me the way  
To hear your song

Touch my hand  
Tiny stranger  
How far the mist, I'm blind  
Touch the tombstone  
Won't crumble  
Tell me one more time

Show me the way  
Where I belong  
Please, show me the way  
To find you  
Show me the way  
To hear your song

Show me the way  
Where I belong  
Please, show me the way  
To find you  
Show me the way  
To hear your song
