

# Brand New Car

Mungo Jerry

Well, everybody's talkin' 'bout my brand new car  
They say they wanna ride and they wanna go far.

Oh, baby, ride in my brand new car  
Won't you come on, baby, won't you ride in my brand new car?

It's got a bright red bonnet, it matches your dress  
Reclining seats and black headrest.

Oh, baby, ride in my brand new car  
Won't you come on, baby, won't you ride in my brand new car?

Turn the radio on, put a tape in the slot  
You can light a cigarette, look at the clock.

Oh, baby, ride in my brand new car  
Won't you come on, baby, won't you ride in my brand new car?

Now baby  
It's got a dog in the back that nods his head  
The back seat springs, yeah, just like a bed.

Oh, baby, ride in my brand new car  
Won't you come on, baby, won't you ride in my brand new car?

Disc brakes all round, power steering too  
Twin carburettors, an ice box in the boot

Oh, baby, ride in my brand new car  
Won't you come on, baby, won't you ride in my brand new car?

Won't you ride in my brand new car?  
Won't you ride? We'll drive out far  
Baby, ride in my brand new car  
Won't you come on, baby, won't you ride in my brand new car?

Won't you ride in my brand new car?  
Won't you ride? We'll take out far  
Baby, ride in my brand new car  
Won't you come on, baby, won't you ride in my brand new car?

Won't you ride in my brand new car?  
Won't you ride in my brand new car?  
Won't you ride in my brand new car?  
Won't you ride in my brand new car?  
Come on, baby, won't you ride in my brand new car?

Won't you ride in my brand new car?  
Won't you ride in my brand new car?  
Won't you ride in my brand new car?  
Won't you ride in my brand new car?  
Come on, baby, won't you ride in my brand new car?
