

# The Dark Side

Muse

I have lived in darkness  
For all my life  
I've been pursued  
You'd be afraid If you could feel my pain  
And if you could see the things, I am able to see

Break me out  
Break me out  
Let me flee  
Break me out  
Break me out  
Set me free

I hail from the dark side  
For all my life, I've been besieged  
You'd be scared  
Living with my despair  
And if you could feel the things, I am able to feel

Break me out  
Break me out  
Let me flee

Break me out  
Break me out  
Set me free

Break me out  
Break me out  
Let me flee

Break me out  
Break me out  
Set me free

Save me from the Dark Side

Break me out  
Break me out  
Set me free
