

# Clockwork

Mutemath

Time is a thief with a loaded gun  
The sky runs by while the days are gone  
The night falls prey to another sun  
All like clockwork they won't stop  
They won't stop  
They won't stop  
They won't stop, oh

Don't stand still, or we'll lose our ground  
The world keeps spinning just to wear us down  
Say what you must while we're still around  
The days go to sleep but they won't stop  
They won't stop  
They won't stop  
They won't stop

We never should allow another sun to set  
On all the words that we have held so long  
I know we'd rather sort it out once tomorrow comes  
But tomorrow already happened

Time is a thief with a loaded gun  
The sky rolls by while the days are gone  
The night falls prey to another song  
The days go to sleep but they won't stop, no  
They won't stop  
They won't stop  
They won't stop, oh

They won't stop  
They won't stop  
They won't stop  
They won't

We never should allow another sun to set  
On all the words that we have held so long  
I know we'd rather sort it out once tomorrow comes  
But tomorrow already happened  
Tomorrow  
Tomorrow  
Tomorrow  
Tomorrow, oh, oh

We can wait for the sunrise  
To say what should matter  
We'll know by tomorrow  
But tomorrow, tomorrow just happened

Today we have to make the most of love  
Tomorrow we don't have a choice  
All we ever get control of is now  
Today we have to make the most of love  
Tomorrow we don't have a choice  
All we ever get control of is now

I know we'd rather sort it out once tomorrow comes  
But tomorrow already happened, oh

I know we'd rather sort it out once tomorrow comes  
But tomorrow already happened
