

Electrify

Mutemath

She knows every little way to get the thing that she wants.

My heart is an oven,

And she's pushing the buttons right now,

Right now.

She's gonna kill me with a stare and I'm very aware.

No matter what I say,

She's just walking away right now.

But I'll be ready when she calls.

I'm in love with this girl, , that's got my head,

Electrified.

I hope that someday she might go too far,

Go too far.

Cause all I can think about is me and her,

Electrified.

I hope that someday she might take me home,

And lose control.

Stall and wait is the game she plays,

She knows better than to try,

But I'm hoping she might wear down.

Wear down.

Oh it's just tearing me apart getting stuck in the dark.

I'm doin' what I can,

But she can't understand right now.

But I'll be ready when she calls.

I'm in love with this girl, that's got my head

Electrified.

I hope that someday she might go too far,

Go too far.

Cause all I can think about is me and her,

Electrified.

I hope that someday she might take me home,

And lose control.

I feel it, I feel it, I feel it, I feel it, I feel it,

I feel it, I feel it runnin' through my bones.

Ohh.

I feel it, I feel it, I feel it, I feel it, I feel it,

I feel it, I feel it runnin' through my bones.

My bones.

I feel it, I feel it, I feel it, I feel it, I feel you
runnin' through my bones.

Ohh.

I feel you runnin' through my bones.

Yaaohhh.

I'm in wires for you girl,

You're coursing through my mind.

All I think about is you,

Yeah I'm electrified.

I'm in love with this girl, that's got my head,
Electrified.
I hope that someday she might go too far,
Go too far.

Cause all I think about is how you and I,
Could electrify.
I hope that someday you might take me home,
And lose control.

Maybe sometime, sometime, sometime.
Say that you are mine, show me, sometime.

You gotta electrify.

Maybe sometime, sometime, sometime.
Say that you are mine, show me, sometime.

I can feel it runnin' through my bones.
Ohh.
Ya I can feel it runnin' through my bones.
Ohhaaa!
