

# Without You

## My Darkest Days

If I had my way,  
I'd spend every day right by your side  
And if I could stop time,  
Believe me I'd try for you and I  
And each moment you're gone,  
Is a moment too long in my life  
So stay right here, right now

'Cause without you I'm a disaster  
(the moment you go)  
And you're my ever after  
(Just thought you should know)  
'Cause I need to know your answer  
(Just say you'll stay with me)  
I want you to say you're gonna stay with me  
(Just say you'll stay with me)  
I die every day that you're away from me

If the world ceased to spin,  
You could start it again with just one smile  
If the seas turn to sand  
With the wave of your hand it would rain for miles  
But the thought of you gone,  
Makes everything wrong in my life  
So stay right here, right now

'Cause without you I'm a disaster  
(the moment you go)  
And you're my ever after  
(Just thought you should know)  
'Cause I need to know your answer  
(Just say you'll stay with me)  
I want you to say you're gonna stay with me  
(Just say you'll stay with me)  
I die every day that you're away from me

My heart breaks with every beat,  
I can't explain what you do to me  
So just say you'll promise me,  
Please, take me if you ever leave  
But the thought of you gone  
Makes everything wrong in my life  
So stay right here, right now

'Cause without you I'm a disaster  
(the moment you go)  
And you're my ever after  
(Just thought you should know)  
'Cause I need to know your answer  
(Just say you'll stay with me)  
I want you to say you're gonna stay with me  
(Just say you'll stay with me)  
I die every day that you're away from me

So just say you'll promise me,  
Please, take me if you ever leave  
My heart breaks with every beat,

I die every day that you're away from me
