

Elevator

Mýa

Haters, got them to my left
Haters, got them to my right
Haters, they will never rest
Testing for the mocking mike

When life brings you flowers
After all the pain
Sunshine after showers
Goodbye to the rain
Oh don't it feel good
Oh don't it feel good to you, yeah
That's how it should
That's how it should feel to you
Whatever was coming, it wasn't for nothing
I tell you, I tell you
From nothing to something
Remember when they used to call you a failure
Now we up here flying high
They ain't pulling us down even if they try

Life, don't you love it
Like an elevator, elevator
'Cause we up here and we elevated
Like an elevator, elevator
'Cause we up here, yeah we up here
And we celebrating

The vision is clearer, broke out of the chains
That girl in the picture done stepped out the frame
Oh don't she look good?
Yeah I know she look good to you
Way better than ever, I got it together
And just like I should for you
You know the saying what's making you stronger
Won't kill you, won't kill you
And shout out to all of the haters
And matter of fact thank you my ninjas

See us here flying high
Couldn't bring us down even if they try

Life, don't you love it
Like an elevator, elevator
'Cause we up here and we elevated
Like an elevator, elevator
'Cause we up here, yeah we up here
And we celebrating

Gonna climb for yourself, hater
Thank you much for your hard work
I know it's quite a job you must be tired
And on work beyond to even focus on
The negative is irrelevant to anyone that's tryina get ahead in life
Tryina find the light in the darkest tunnel in the dead of night
Reaching for what's out of sight
But close enough that you know it's around the corner
But you gotta go through the torture to make it to where you want it, don't

you?

Nothing's free, in this life, elevate to clearer heights, pay the price

Hey, don't give up, you gotta fight

Don't catch feelings, just catching flights

Show you how it's looking like

In the sky I'm by the clouds

Going up, not looking down

Planet 9 hey

See us here flying high

Couldn't bring us down even if they try

Life, don't you love it

Like an elevator, elevator

'Cause we up here and we elevated

Like an elevator, elevator

'Cause we up here, yeah we up here

And we celebrating
