

Flying (Interlude)

Mýa

October 10
Here I am again
Back where I started from
And just when I let myself fall deep
Fall hard
It seems every time I give my all
I turn around only to get slapped in the face with rejection
Now see this is the type of stuff that makes me just wanna
STOP!!

Just stop it all
Stop the giving to avoid the taking
Stop loving to avoid the hating
Stop trusting to avoid all these lies
But most of all
Stop flying to avoid the fall
