

Give a Chick a Hand

Mýa

Turned around took my man
T-turned around took my man
Turned around took my man
G-gotta give this chick a hand

Imma give a chick a hand
Imma give a chick a hand
Imma give a chick a hand
Walk up to her shake her hand
Imma give a chick a hand
Imma give a chick a hand
Imma be a good sport walk up to her shake her hand

She took my man (she did)
She took my man (she did)
I don't know how she did 'cause I'm a bad chick
So Imma give a chick a hand
Imma give a chick a hand
Turned around took my man I got give chick a hand

I got some news for ya boy I bet yo think this song is
All about you but its really bout the other woman (whoops)
Found out about her while I'm out making paper shes
The one playing in my closet at the house im to smart
For these childish smart games give you everything and turn
Around and get played got to address this before I walk away
You're gonna listen to what I got to say

See I used to get mad when this happend
'Cause you wanting for a fit then start to packing
Now all I do is laugh
Can't believe you gave up coochie for my crystal handbag

Imma give a chick a hand
Imma give a chick a hand
Imma give a chick a hand
Walk up to her shake her hand
Imma give a chick a hand
Imma give a chick a hand
Imma be a good sport walk up to her shake her hand

She took my man (she did)
She took my man (she did)
I don't know how she did 'cause I'm a bad chick
So Imma give a chick a hand
Imma give a chick a hand
Turned around took my man I got give chick a hand

Now girl it's time to talk to you
Don't think you off the hook
Because I gave a compliment or 2
Gone head and do what cha do
So while ya doing what do
Can I get a few tips from you
Do you show all attention after working all day
Do you clean up after him like he ain't house trained
Let him walk all over you but love him anyway

That's what it takes for you to love him anyways

See I used to get mad
When this happend while
I'm starting to see it now
I'm kinda happy I owe it all
To you took my man and set me free
Congraulations now he belongs to you

Imma give a chick a hand
Imma give a chick a hand
Imma give a chick a hand
Walk up to her shake her hand
Imma give a chick a hand
Imma give a chick a hand
Imma be a good sport walk up to her shake her hand

She took my man (she did)
She took my man (she did)
I don't know how she did 'cause I'm a bad chick
So Imma give a chick a hand
Imma give a chick a hand
Turned around took my man I got give chick a hand

See I ain't a hater but I got to give
Props when props is due so if a chick got
That stroke to rock his boat ain't no need for drama
Imma give that hoe a hand

Imma give a chick a hand
Imma give a chick a hand
Imma give a chick a hand
Walk up to her shake her hand
Imma give a chick a hand
Imma give a chick a hand
Imma be a good sport walk up to her shake her hand

She took my man (she did)
She took my man (she did)
I don't know how she did 'cause I'm a bad chick
So Imma give a chick a hand
Imma give a chick a hand
Turned around took my man I got give chick a hand
Turned around took my man I got give chick a hand
(She must got something going on)
Turned around took my man I got give chick a hand
(The side that I don't got on her 'cause)
Turned around took my man I got give chick a hand
Imma bad muthafucker
Turned around...
