

Like a Woman

Mýa

You keep claiming to me
That you ain't like the rest
But come and show me baby
Yea

And you keep claiming to me
That it ain't just bout sex
And get to know me baby
Ha

Cause I'm more than a pretty face
Not just another girl
More than a souvenir
On your trophy case
Uhh, love me like a woman
Uhh yea yea uhh yea yea yea
Hey baby
Hey baby, love me like a woman
Uhh yea yea uhh yea yea yea
Hey baby, love me like a woman
Uhh, love me like a woman baby

If you really want me
Let me know I'm on your mind
Don't matter who's around baby

And I just need to know
That you'll be right by my side
Through the ups and downs baby

Cause I'm more than a pretty face
Not just another girl
More than a souvenir
On your trophy case
So, love me like a woman
Uhh yea yea uhh yea yea
Boy I need you to
Really need you to
Love me like a woman
Love me like a woman yea
