See baby, I know you done Had your share of girls But when a real woman Comes into your life A couple of very significant things happen Yes, they do baby (haha) So I'ma need you to slow down Before you mess up and hurt yourself Now I ain't tryna hurt nobody But realize you in the presence Of a smoove jones code 45 good tracks

If we move fast as you want Boy, if we do everything you want You gon' need to pull yourself together When I leave you (Boy!) Better keep cool. You say you gonna be here I believe you. But baby this don't happen over night It's gonna take some time

So I got to be careful With who I choose, to give it to And you got to be careful Cause you probably never been around nobody else

Who got that fire (fire) Fire (fire) Take your time to get there It ain't going nowhere Got so many other things to do Let's get higher (higher) Higher (higher) I just wanna stay right here We ain't gotta go there Cause you ain't even ready to feel that fire

Oh, handsome Show me how you move it when you dancing Let's go out and just do something random That shit is so romantic, yeah Hit that 2 step. No, I ain't seen that before Is that a new step. Oh, I love it Can you teach me how to do that Let's just keep moving to the music

So I got to be careful With who I choose, to give it to And you got to be careful Cause you probably never been around nobody else

Who got that fire (fire) Fire (fire) Take your time to get there It ain't going nowhere Got so many other things to do Let's get higher (higher) Higher (higher) I just wanna stay right here We ain't gotta go there Cause you ain't even ready to feel that fire

Fire got 'em like Fire got 'em like Fire got 'em like
