Ah uh uh oh (yo)

It was nothing but a quick think
Kids games, kiss chase, just a quick fling
Now I'm hoping you never go missing
Now I'm telling you, you can hold this ring, watch how it glistens
It was done as quick as the wind blows
Didn't think I would ever be involved
So I even wrote a song called 'don't go'
Now it's just you and me on a love row
Dappy like dino us two tip toes duck dive get low
And now I care less about who knows
Now we're deep in way past intro dappy explain yo

See never did I think a boy like me would be in need
When all I really wanted was to have some fun
Now I'm losing my head, I'm telling you one thing
You're number one

See I don't understand how you're number one
When it was just a fling before now, you're the one
See all I did was blink twice,

From my homie to my only
Number one

Ah uh uh oh
Ah uh uh oh
Ah uh uh oh
Ah uh uh oh

I never thought I'd get here
Never thought I would care
Cause I was always looking out for me
I was being selfish, I couldn't see
All I want was right in front of me
But baby I've changed
Cause you got me tamed
You're my number one now priority

See never did I think a boy like me would be in need
When all I really wanted was to have some fun
Now I'm losing my head, I'm telling you one thing
You're number one

See I don't understand how you're number one
When it was just a fling before now, you're the one
See all I did was blink twice,

From my homie to my only

Number one

You lift me off the ground
I always want you around
I ain't gonna let nothing get in the way
I'll never let nothing get in the way

You lift me off the ground
I always want you around
I ain't gonna let nothing get in the way
I'll never let nothing get in the way

Trust me when I say
I ain't never gonna let nothing get in the way
Cause we was always cool as freinds back in
The day
It's funny how you changed it's got me going
Insane
See you ain't like the rest you run in your own lane
You are number one

See I don't understand how you're number one
When it was just a fling before now, you're the one
See all I did was blink twice,

From my homie to my only
Number one

You're number one you're in the race
You're a leader
Girl you're out of this world I can't see ya
And now you got a place in my heart
It's funny how you actually went
From my homie to my only
