

I Like What You Say

Nada Surf

Emergency above
Put on your hard hats and invisible gloves
What's going on
I was on the wagon, I thought I was done
You have to watch out
When one falls in, another came out

You say, I like what you say
I like what you say
You say, I like what you say
I like what you say

They say you have to have somebody
They say you have to be someone
They say if you're not lonely alone, boy there is something wrong

You say, I like what you say
I like what you say
You say, I like what you say
I like what you say

You say, baby, I only want to make you happy
Baby, I only want to make you

OOH [x3]

You say, I like what you say
I like what you say
You say, I like what you say
I like what you say

You say, baby, I only want to make you happy
Baby, I only want to make you
