

Victims Of Fact

Naked Eyes

Victims of circumstance
Caught in a trap
It's real and Imagination
It's fiction and fact

I'm not a superman
No x-ray eyes
I see but I'm not believing
As hard as I try

We're not the hero's of Fiction
We're Victims of Fact
We're Victims of Fact

A product of our time
All on your own
As it was in the beginning
No more do we know

I loved you long ago
But I've been told
We're all on our own, together
All part of the show

We're not the hero's of Fiction
We're Victims of Fact
We're Victims of Fact

We're not the hero's of Fiction, we're victims
We're not the hero's of Fiction, we're victims
We're not the hero's of Fiction, we're victims of fact
