

Good to Be Back

Natalie Cole

Let me look at you, just look at you
You're a sight for sore eyes, yes you are
If you knew how many nights, I spent holding you so tight
Then I'd wake up and we're still apart

Now you're really near and I'm really here
And I can wrap my arms around you, yes I can
This is just like I remember, no I think it's even better
Maybe even more than I can stand

Baby it's good to be back, so good to be back
Baby it's good to be back in your arms again
Baby it's good to be back, so good to be back
Honey it's good to be back with you, oh yeah

Well it's not the first time, we've been apart
But as far as I'm concerned it's the last
I don't care what we have to do to stay together from now on
But those days away from you are past

'Cause when I go through the day and I haven't seen your face
Seems like nothing that I do feels right
You're the one I wanna see when I wake up every day
You're the one I wanna kiss goodnight

Baby it's good to be back, so good to be back
Baby it's good to be back in your arms again
Baby it's good to be back, so good to be back
Honey it's good to be back with you

So good, so good, so good
So good, so good with you, baby
So good with you

Why don't you start me up with just one kiss
That's just one of the things I've missed
You better kiss me once again till it finally settles in
Well I think I could get used to this

Baby it's good to be back, so good to be back
Baby it's good to be back in your arms again
Baby it's good to be back, so good to be back
Honey it's good to be back with you

Baby it's good to be back, feels mighty good to be back
Baby it's good to be back with you
Baby it's good to be back, so good to be back
Honey it's good to be back with you

And it's so good to be back, oh yeah good to be back
Baby, its good to be back in you're arms again
And it's so good to be back, so good to be back
Honey it's good to be back with you
