

# More than the Stars

Natalie Cole

If there was ever a chance  
That the moon would never shine again  
If there was ever the slightest doubt  
That tomorrow the sun would somehow not come out  
If such a thing could possibly come true  
It wouldn't matter to me  
Because i love you

More than the moon  
More than the sun  
More than the stars

If for some reason all the seasons should fade  
away  
O what if suddenly we discovered that the  
world's not round  
At all it's flat  
Tomorrow such a thing could possibly be  
But nothing could mean as much as you do to me  
'cause i love you more

More than the moon  
More than the sun  
More than the stars

They could take the blue from the ocean  
Toss the mountains into the sea  
Chase the colours out of the rainbow's end  
But it wouldn't bother me  
'cause they never could ever compare to the  
natural high  
That i get when you smile  
When we touch  
Oh, i love you so much, oh

If there was ever, never a chance  
That we should meet again  
Or if you had a change of heart  
And decided that you and i should have to part  
If such a thing would ever come to pass  
Let the record show that i did my best  
I loved you more

More than the spring  
Summer, winter, or fall  
Seasons will change  
But you don't at all  
I love you just the way you are  
More than the stars  
More than the stars

If for some reason  
Seasons should fade away  
O what if suddenly we discovered that the  
world's not round  
At all it's flat  
Tomorrow such a thing could possibly be

But nothing could mean as much as you do to me

I love you more  
More than the spring  
Summer, winter or fall  
Seasons will change  
But you don't at all  
I love you just the way you are  
Much more than the stars  
More, more, more, more, more  
More than the stars  
I love you  
More than the stars
