

Someone's Rockin' My Dreamboat

Natalie Cole

Someone's rockin' my dreamboat
Someone's invading my dream
We were sailing along all peaceful and calm
Then suddenly, something went wrong

Someone's rockin' my dreamboat
Disturbing a beautiful dream
It's a mystery to me, this mutiny at sea
Tell me, who can it be?

A friendly breeze gave us a start
To a paradise of our own
All at once a storm blew us apart
And left me drifting all alone

Someone's rockin' my dreamboat
I'm a captain without a crew
But with love as my guide, I'll follow the tide
I'll keep sailing 'til I find you
Yes, I'll keep sailing 'til I find you

Sailing
(Someone's rockin', someone's rockin')
Gonna keep sailing
(Someone's rockin', someone's rockin')

Someone's rockin' my dreamboat
(Someone's rockin' my dreamboat)
Disturbing my dream
(Someone's rockin' my dreamboat)
Tell me, tell me, who can it be?
Tryin' to understand this mutiny at sea

Yeah, someone is rockin', rockin'
(Someone's rockin', someone's rockin')
Simply, rockin', rockin' my dreamboat
(Someone's rockin', someone's rockin')

Well, I keep on sailing
(Someone's rockin', someone's rockin')
Gonna keep on wailing
(Someone's rockin', someone's rockin')
'Cause someone's is rockin' my dreamboat
(Someone's rockin' my dreamboat)

(Someone's rockin' my dreamboat)
Get out, get out, get out, get out, get out of my dreamboat
(Someone's rockin', someone's rockin')
Get out of my dreamboat
(Someone's rockin', someone's rockin')

Someone's rockin' my dreamboat
Someone's rockin' my dreamboat
Someone's rockin', someone's rockin'
Someone's rockin', someone's rockin'

Out of my dream, get out of my dream

(Someone's rockin' my dreamboat)
Get out of my, out of my, out of my, no, no
