

Come on Home

Natalie Imbruglia

Beautiful day shined
When I needed that most
Shined on the church yard
Tin cans full of ghosts

Come on home
It's not too late
We can fall apart together

Beautiful girl smiles
When I needed it the most
Smile on my heavy
Eyelids again

Come on home
It's not too late
We can fall apart together

Come on home
It's not too late
We can fall apart together

Fall apart together
Fall apart together
Fall apart together

Don't wait too long

Come on home
It's not too late
We can fall apart together

Come on home
It's not too late
We can fall apart together
Fall apart together
