

Do You Love?

Natalie Imbruglia

Child, it's broke
And I feel you
Slipping away
Child, you spoke
And the world
Fell silent again
Do you love
Do you need love
Child, undone
By fear of falling
Through cracks
Child, by one mistake
You've lost your way back
(Something's gotta
Turn you round)

Do you love
Do you need love
When your angels shout
Is your heart strung out

Do you love
Do you need love
When your angels fall
Have you lost it all

Child be still
In the storm
To wave us goodbye
Child we will
Return to dance
With the sky

Do you love
Do you need love
When your angels shout
Is your heart strung out

Do you love
Do you need love
When your angels fall
Have you lost it all

Do you love
Do you need love
When your angels cry
Does your spirit die
