

# Desolation Road

Nazareth

Locked up on monday  
Lord I lost my way  
I couldn't breathe her name  
You know she's after my life

Lately I'm stickin' to drinkin'  
And I'm headed down desolation road

Habit -a- growin'  
Set it up just right  
I do away my life  
On a turn of the dice

Lately I'm runnin' and hidin'  
Slidin' down desolation road

No one to turn to  
Losing my best friend  
My name is just bad news  
And my account's in the red

I'm in need of understandin'  
I'm landin' in desolation road
