

Fast Cars

Nazareth

Fast cars,
She lives at the best hotels

Big stars,
She knows them all so well

Lost loves,
She's had more than just a few

Wrong moves,
She can afford more than you

She don't know, what real love is
She's always had, second best
She don't know, what real love is
She's always had second best.

Headlines,
She's been there once or twice

Feeling fine
She has forgotten the price

She don't know, what real love is
She's always had second best
She don't know, what real love is
She's always had second best.
