

## Rip It Up

Nazareth

My head is dancin' like a ball full of fire  
Burnin' up with the flames gettin' higher  
Rip it up, rip it up good  
Rip it up like you know you really should

We never have to say a thing to one another  
The band is hot 'n' there playing it like a mother  
Rip it up, rip it up good  
Rip it up like y'know you really should

Get you on the rebound, catch y'when you fall  
Singin' "Long Tall Sally", gonna rip it up, rip it up

Sweet is drippin' from the ceiling an' the walls  
Word is out. I hear the curtains gonna fall  
Rip it up, rip it up good  
Rip it up like y'know you really should

Get you on the rebound, catch y'when you fall  
Singin' "Long Tall Sally", gonna rip it up, rip it up

Rip it up, rip it up good  
Rip it up like y'know you really should

Get you on the rebound, catch y'when you fall  
Singin' "Long Tall Sally", gonna rip it up, rip it up

Ooh, rip it up, rip it up (rip it up)  
Ooh, rip it up, rip it up (rip it up, rip it up)
