

# Can I Be Enough

Newton Faulkner

Believe it or not, feel defeated  
Have to admit, I didn't need this  
How did I watch, how did I watch, your feelings fade out

Ohhhhhhh... I tried  
Ohhhhhhh... and I tried

Can I be enough for, can I be enough for you  
Can I be enough for, can I be enough for you  
Can I be enough for, can I be enough for you

Tried not to care, tried not to feel it  
A stab in the back is not what I needed  
It started to look like you were the bully  
In this playground

Ohhhhhhh... I tried  
Ohhhhhhh... and I tried

Can I be enough for, can I be enough for you  
Can I be enough for, can I be enough for you  
Can I be enough for, can I be enough for you

Can I be enough for, can I be enough for you  
Can I be enough for, can I be enough for you  
Can I be enough for, can I be enough for you

Can I be enough for, can I be enough for you  
Can I be enough for, can I be enough for you  
Can I be enough for, can I be enough for you
