

# Soundwaves

Newton Faulkner

When I gotta get dressed, gotta make some money  
Try without looking like i'm trying too hard  
Get up, get out, it's time to be funny  
'Cause you never can tell who the critics are

It's so good to know that there's  
Somewhere to go when you  
Spin out of control  
I know I won't crash within your glow and see

Soundwaves  
Breaking on me, but I hear no sound  
Don't say a word  
'Cause every word you say breaks down  
Suddenly it's calm inside this storm  
Spinning but I don't go 'round,  
All I hear is silence now

Get off the plane and hit the ground runnin'  
Now I know why we're called the human race  
And all we ever hear is we gotta keep goin'  
And we're on the right track goin' the wrong way

It's so good to know that there's  
Somewhere to go when you  
Spin out of control  
I know I won't crash within your glow and see

Soundwaves  
Breaking on me, but I hear no sound  
Don't say a word  
'Cause every word you say breaks down  
Suddenly it's calm inside this storm  
Spinning but I don't go 'round,  
All I hear is silence now

It's hard to believe, but we're  
Not on our knees just yet  
It's hard to believe, but we're  
Not on our knees just yet  
It's hard to believe, but we're  
Not on our knees just yet  
It's hard to believe, but we're  
Not on our knees just these

Soundwaves  
Breaking on me, but I hear no sound  
Don't say a word  
'Cause every word you say breaks down  
Suddenly it's calm inside this storm  
Spinning but I don't go 'round,  
All I hear is silence now

Soundwaves  
Breaking on me, but I hear no sound  
Don't say a word  
'Cause every word you say breaks down

Suddenly it's calm inside this storm  
Spinning but I don't go 'round,  
All I hear is silence now

Spinning but I don't go 'round,  
All I hear is silence now,

Spinning but I don't go 'round,  
All I hear is silence  
Now.
