

# Treading Water

Newton Faulkner

Hold the line, keep it all inside  
Been here before can't afford to lose your mind oh  
Treading Water  
Can't hold on much longer till my head goes  
Hold the line, even if there's no one on your side  
I've come too far to go putting all your cards down  
Treading Water  
Can't hold on much longer 'til my head goes under  
Hold the line, keep it all inside  
Keep up the fight, now that there's an end in sight  
Treading Water  
Can't hold on much longer 'til my head goes under
