

# Waiting on You

Newton Faulkner

Running around in circles  
Watching as the trees and houses passes by  
All this is waiting on you

Walking around in silence  
Thinking bout the one you love with a smile inside  
All this is waiting on you

When you're alone in the dark  
With the monsters under your bed  
Shadows on the wall  
And the voices inside your head  
It isn't always easy  
Traveling on a winding road when you lost your way  
All this is waiting on you

Climbing up on my shoulders  
I'll show you how the world looks through an old man's eyes  
All this is waiting on you

Stumbling around this city  
Looking up at all the buildings  
You feel so small  
All this is waiting on you  
Some people make it harder  
Some people just come out of nowhere and  
Change your life  
All this is waiting on you

When you're alone in the dark  
Shadows on the wall and the voices inside your head  
And you can't get to sleep  
Cause you regret all the things you said  
I'll always be there  
I will always be your friend  
loving together for good  
And I don't know where life will take you  
I will know  
All this is waiting on you  
It isn't always easy  
But you can always find shelter in my arms  
I'll be here waiting for you
