

Last One Standing

Nick Lachey

I got my back against the wall but you won't break me!
It's time to see how far these tired legs can take me!
Stride for stride, blow for blow,
No one's giving up, no one's letting go.
Through all the tears and pain one question remains...

Tell me who's the last?
(When it all comes down to)
Who's the last?
(Is it there inside you?)
Tell me who's the last?
(When it's time to pull through)
Who's the last? The last one standing!

Who's the last?
(When it all comes down to)
Who's gonna be the last?
(Is it there inside you?)
Tell me who's the last?
(When it's time to pull through)
Who's the last? The last one standing!

I won't let the victory slip through my fingers
I'm gonna raise the trophy let the feeling linger
I'm charging down a one way track
Never giving up, never turning back
So much is left to prove, not gonna lose noooooo

Tell me who's the last?
(When it all comes down to)
Who's the last?
(Is it there inside you?)
Tell me who's the last?
(When it's time to pull through)
Who's the last? The last one standing!

Who's the last?
(When it all comes down to)
Who's gonna be the last?
(Is it there inside you?)
Tell me who's the last?
(When it's time to pull through)
Who's the last? The last one standing!

Every time you say that I should quit, I won't
And every time you say I'm gonna lose, I don't
Every time you knock me down, I get back up
Every time it's going bad, I change my luck

I taking my pass, you taking it all
End of the day you got to crawl
Let me tell you how it's gonna be
You will never get the best of me

Tell me who's the last?
(When it all comes down to)
Who's the last?

(Is it there inside you?)
Tell me who's the last?
(When it's time to pull through)
Who's the last? The last one standing!

Who's the last?
(When it all comes down to)
Who's gonna be the last?
(Is it there inside you?)
Tell me who's the last?
(When it's time to pull through)
Who's the last? The last one standing!

Tell me who's the last?
(When it all comes down to)
Who's the last?
(Is it there inside you?)
Tell me who's the last?
(When it's time to pull through)
Who's the last? The last one standing!

Who's the last?
(When it all comes down to)
Who's gonna be the last?
(Is it there inside you?)
Tell me who's the last?
(When it's time to pull through)
Who's the last? The last one standing!
