

# Ordinary Day

Nick Lachey

I wish I could tell you  
the things I never got the chance to  
I wish I was with you now  
to see you smile again  
I wish we had more time  
but time goes by so fast

The moment comes and  
Then the moment passes by  
In the blink of an eye

And If I had one wish  
I Wouldn't ask for money  
I wouldn't ask for fame  
I wouldn't ask for the power to  
make this world change  
If i could have one thing  
that one thing that I would chose  
is one more ordinary day with you  
With you

I wish I could see you  
and be there where my arms could reach you  
i wish I could let you know  
how much you touch my life  
maybe a little time is all the time we get  
The Words we long to say are words that go unsaid  
You can go back again

But if I had one wish  
I Wouldn't ask for money  
I wouldn't ask for fame  
I wouldn't ask for the power to  
make this world change  
If i could have one thing  
that one thing that I would chose  
is one more ordinary day  
With you

I wish we had more time  
Time goes by so fast  
The moment comes and  
Then the moment passes by  
In the blink of an eye

But if I had one wish  
I Wouldn't ask for money  
I wouldn't ask for fame  
I wouldn't ask for the power to  
make this world change, no  
If i could have one thing  
that one thing that I would chose  
is one more ordinary day  
Just one more ordinary day with you  
With you
