

# Enough Of You

Nikki Yanofsky

All that kiss and tell  
Send you straight to hell  
You make your rounds just like your chasing your tail  
Better wipe your paws cause you a filthy dog  
Show me your fangs and I will show you my claws

Tryin' to be a lady  
Tryin' to bite my tongue  
But you're misbehaving  
Go on and get gone now

I have had enough of you  
Can nobody sell me bullshit baby like you do  
Oh, I have had enough of you  
Time I buy my piece of mind cause I'm overdue  
I've had enough of you

Yeah I've watched your moves  
I know you song and dance  
What's your excuse?  
Can you keep it in your pants?  
I found your bloody glove  
And what your guilty of  
Say it don't fit you

Oh, don't play me for dumb  
Tryin to be a lady  
Tryin to bite my tongue  
But you're misbehaving  
Go on and get gone now  
I have had enough of you  
Can nobody sell me bullshit baby like you do  
Oh, I have had enough of you  
Time I buy my piece of mind cause I'm overdue  
I've had enough of you

Oh oh oh  
No more dirty lies baby  
I see through your empty smile  
You wasted my time  
Want you, need you, love you  
Out of my life

Ow

I have had enough of you  
Can nobody sell me bullshit baby like you do  
Oh, I have had enough of you  
Time I buy my piece of mind cause I'm overdue  
I've had enough of you
