

# Big Tears Fall

Nils Lofgren

Is anybody really happy  
Don't dreamers get the blues  
The hustlers make the millions  
The losers pay the dues  
But what of the forgotten  
the little ones confused  
Don't it seem like the big tears fall  
From the children's eyes... falling now  
Seems like the big tears fall  
From the children's eyes  
innocent eyes  
Bless the precious few that hear their cries  
Oh the big tears fall  
World's in such a hurry  
Indifference just insane  
Good people in the gutter  
We rush by in the rain  
This is what our kids see  
Imagine what they feel  
Don't it seem like the big tears fall  
From the children's eyes... falling now  
Seems like the big tears fall  
From the children's eyes  
innocent eyes  
Bless the precious few that hear their cries  
Oh the big tears fall  
You can see it in their face  
Tears they don't lie  
Don't it seem like the big tears fall  
From the children's eyes...  
Innocent eyes  
And there's a child in every man 'til the day he dies  
Yes it seems like the big tears fall  
From the children's eyes  
Oh the big tears fall  
Oh the big tears fall
